“

Great work from the team once again, the time saved by having Perth Gardening Experts in to do my garden maintenance takes enormous pressure off me. The team were efficient and completed all the jobs we asked, thanks again.

Chris Meyerkort

HOW WE WORK

Tailored service packages - year-round care to meet the needs of each property.

We assess each property and provide an all-inclusive quote and schedule for yearly services to make your garden and grounds maintenance easy, automated and hands-free.

OUR COMMERCIAL SERVICE PACKAGES CAN CATER TO:

- All garden maintenance tasks
- Green waste removal *as required*
- Free yearly mulching assessments & quotes
- Reticulation checks*
- Working directly with tenants/owners to organise services
- Secure key/code storage *if required*
- Early service times; minimises disruption

Optional: Reticulation Servicing

We work with our sister company, Perth Reticulation Experts, to offer reticulation checks and repairs.

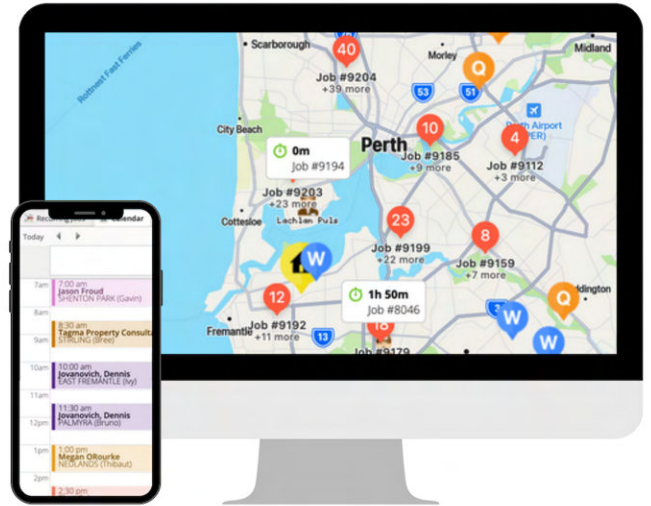

- Our teams will advise you the instant they detect reticulation issues (dry soils, dying plants, leaks, etc.).
- If urgent care is required, we can arrange a service directly with PRE and the tenant, with no extra charges for priority service.
- We can package the costs or simply charge as required - just speak to us about options.

SUPERIOR SERVICE

Struggling to find a dependable company with great communication?

We pride ourselves on prompt communication and reliable services.

Using the latest in automated job management software, we ensure service consistency for both client and tenants. We also have a dedicated administration and reception team for friendly, prompt communication.

CUSTOM FITOUT

Our team drive custom-fitted vans equipped with everything required for full maintenance services. We work with commercial grade, battery-powered tools, and have fully equipped our teams with maximum onsite efficiency in mind.

Our Services

- Mowing & Lawn Care
- Pruning & Hedging
- Weed Control
- Planting
- Mulching
- Green Waste Removal

Maintaining landscapes which are a credit to
your premise and organisation.

ENVIRONMENTAL

We operate wherever we can to protect people and planet, aiming to leave each job and property greener, healthier, and better than we found it. From electric tools to water wise practices, we care about consciously creating landscapes that last.

-  **Battery-Powered Tools**
-  **Chemical-Free Services**
-  **Carbon Neutral Offsets**
-  **Waterwise**
-  **Green Waste Recycling**
